Spiritual Readiness

What is Spiritual Readiness: “Spiritual Readiness develops the personal qualities a person needs in times of stress, hardship and tragedy. These qualities come from religious, philosophical, or human values and form the basis for character decision making, and integrity.” (FM 7-22, 10-1) Spirituality is often defined as, “a sense of connection that gives meaning and purpose to person’s life.” (10-2) The identifying marks of the spiritual dimension is an understanding of you own “purpose, core values, beliefs, identity, and life vision.” (10-2)

BUILDING SPIRITUAL READINESS

READ SPIRITUAL BOOKS: Readings could be sacred texts such as the Bible, Koran, or Torah or as varied as Lord of the Rings by JRR Tolkien, Meditations by Marcus Aurelius, or Why do Bad Things Happen to Good People by Rabbi Kushner.

PRAY: Communicating with God, or a “higher power” includes sharing your life and listening for guidance.

CONTEMPLATION and REFLECTION: Take time review your own experience, make meaning of those experiences.

SPEND TIME IN NATURE: Enhance your connection with the natural world. Experience beauty or “wildness” as presented in nature. Watch a sunrise or a sunset.

YOGA, TAI-CHI, WALKING: Enhance your connection with your body. Intentional breathing, stretching and practicing mindful presence.

JOURNAL: Recording your private ideas, concerns, and thoughts.

GRATITUDE: Being aware and expressing thankfulness for the good you have experienced or encountered in your life.

VOLUNTEER/ACTS OF SERVICE: Sharing your gifts, talents, and time with others builds your spirituality by helping others.

BUILD COMMUNITY: Humans need people. Family and friends are the foundations of our community. Also consider the other communities you are part of. Communities of worship, teams, hobby groups can all support you socially and provide needed meaning and support.
