WHAT:

USAG Brussels Chapel Messianic Seder (Passover) Meal and Celebration

WHEN/WHERE:

25 March 2018 (Palm Sunday). USAG BENELUX-Brussels Fellowship Hall.

SUMMARY:

On 25 March 2018 the members of the USAG Brussels Chapel Family participated in a Messianic Seder Celebration.

Impact:

1. Telling the Passover Story with the full meal (using all five senses) reinforces the fact that God has always provided redemption for His people.
2. A recreation of the Last Supper demonstrates how every element of the Seder meal has a direct correlation to the death and resurrection of Jesus and the gift of unconditional forgiveness for all who believe.
3. Jesus demonstrated servant leadership during the Last supper (washing the disciple's feet) and that concept was emphasized during the hand washing portion of the Brussels Seder meal.
4. The Messianic Seder Celebration prepared the Brussels Chapel Family for Holy Week and Easter.

Future Events:

The BENELUX-Brussels Chapel community will continue to host .

The USAG Brussels Chapel Family enjoyed the traditional Passover foods while being taught the way in which every element of the Passover meal points to the death and resurrection of Jesus and redemption from sin for everyone who believes.

The youngest member at the table washed the hands of every other participant in the Messianic Seder Meal. This element of the celebration served as a reminder that Jesus washed the disciple's feet during this part of the Last Supper.
